

24' Fuse Diesel 2017

The all-new Winnebago Fuse™ was built from the ground up to cater to your active lifestyle. It starts with the new Ford® Transit Diesel cutaway chassis and its aggressive nose styling that begs you to cut through the wind on the open road, offering some of the best ergonomics and visibility you will find in a Class C Motorhome. A sizeable rear storage compartment accommodates your needs. A private bedroom and overhead entertainment center are waiting for you when the day is done.

FOR YOUR CONVENIENCE:

Automatic transmission, power steering, power brakes, cruise control, AM/FM Radio with CD, MP3 player, TV/DVD, electric entry step, 12V outlets, power windows, power locks, air conditioner, generator, back-up camera, shower and washroom plus sink, 4 burner stove, microwave / convection oven, fridge with freezer, propane heater and propane water heater. 30AMP power required in campgrounds.
